

Troon Welbeck Golf Club

Troon Welbeck Golf Club's WINTER Membership is now available and has been introduced for those looking to join Troon Welbeck during the winter months.

The courses are open all year round and we have the added benefit of playing from full tees and greens right through the winter months.

It gives new members the opportunity to meet and play with fellow golfers, whilst having full access to our facilities.

The club also benefits from playing counting competitions right through the winter with up to 3 competitions held every week.

The Winter Membership is a full 6 month membership, allowing you to fully experience the club, after which we hope you will want to stay.

The cost of this fantastic offer is only £75!
